As an artist, beauty is a requirement for all the destinations on this tour. However, you don't need to be an artist to enjoy this gorgeous itinerary.

A Vacation with Relaxation *and* Inspiration as our goal.

The picturesque villages of Lake Como have scenic mountain backdrops that make them look like something right off a postcard! Our visit is sure to provide spectacular photographs and beautiful paintings! Seeing this region by boat is part of the experience and I look forward to exploring it with you.

Venice has an abundance of places found "off the beaten track" that are meant to be savored slowly. I find that strolling and moving by boat automatically creates a rhythm that feels relaxed and romantic. Both these beautiful destinations will dial back the pace of life and leave you feeling renewed and inspired.

NOTE - Being an artist is not a requirement, but if you bring your watercolors and sketchbook, we will make it a priority to find beautiful locations and record them in our sketchbooks. Recording your journey is an incredible way to make a great vacation even more memorable. I will give demonstrations and lessons on how to sketch and paint on location for those who are interested. Beginners are welcome to give it a try!
